

PROTECT YOUR VALUABLES

PRIVATE JEWELRY INSURANCE, AN IMPORTANT DIFFERENCE.

Insuring jewelry on your homeowners policy is not always the best choice and it's not your only option. Homeowners' policies are designed to insure homes, not jewelry. If a treasured piece of jewelry is lost, your homeowners' policy may require you to use a jeweler you don't know. In these instances, the replacement may not match the standards and quality of the original piece, leaving you heartbroken over your loss and disappointed with the replacement.

GEMSHIELD[®], A PRACTICAL CHOICE FOR PEACE OF MIND.

To provide your jewelry with the proper insurance, we've developed *GemShield*. *GemShield* is a program which provides you with worldwide protection and peace of mind. If a loss occurs, you can feel confident you will be working with your jeweler to replace the item to your complete satisfaction.

COVERAGE YOU CAN COUNT ON.

GemShield is a jewelry replacement program. If you incur a loss, your jewelry will be replaced with a piece of like, kind and quality from the jeweler who originally sold you the item.

Other *GemShield* benefits:

- ✔ *GemShield* provides worldwide coverage.
- ✔ *GemShield* covers mysterious disappearance losses.

SMART SUGGESTIONS FOR LOSS PREVENTION.

- ✔ It is recommended you have an annual inspection of your jewelry. Because your jeweler is an expert, he/she should be able to alert you to any loose prongs or other compromises which may cause a loss.
- ✔ Keep your jewelry out of sight or in a safe place when you are not wearing it.

- ✔ If you have an item or schedule over \$35,000 it is recommended or may be required you have a central station alarm system and/or a safe. If you have any questions regarding alarms or safes, please contact us at 1-866-207-9428.
